

ATLANTA POWER GAS 40

Description

Mineral lubricating oil for use in stationary gas engines with or without turbocharger, which work with natural gas or other gases with low sulfur content. Its low ash content minimizes deposits in the engine, while ensuring optimal protection in valves and seats. This allows to reduce unscheduled stops and save maintenance costs.

Qualities

- The low ash content minimizes the formation of deposits.
- Effectively protects the motor against wear.
- High resistance to oxidation and nitration.
- High thermal stability.
- High detergent / dispersant power that keeps the engine clean.
- High protection of valves and seats.

Quality levels

- GUASCOR (approved)
- MWM DEUTZ (approved)

Characteristics Techniques

	Unit	Method	Value
Degree SAE			40
Density at 15° C	g / cm ^ 3	ASTM D 4052	0,893
Viscosity at 40° C	cSt	ASTM D 445	133
Viscosity at 100°C	cSt	ASTM D 445	13.5
Viscosity Index		ASTM D 2270	98
Flash point, V / A	°C	ASTM D 92	215 min
Freezing point	°C	ASTM D 97	-24
TBN	mg KOH / g	ASTM D 2896	6
Sulphated ash	% by weight	ASTM D 874	0.5 max
